# ABOUT US

MMA Textile was established as a state of the art production facility that specializes in the apparel and garment division.

We pride ourselves in manufacturing the highest quality garments at the most competitive rates. Our goal is to combine innovation with craftsmanship, utilizing advanced technology and sustainable practices to create garments that meet the diverse needs of our clients.

# OUR MISSION

MMA Textile is striving to become a pioneer in the textile division in an effort to be a global leader among its competitors. We are constantly looking to make improvements through investment in R&D, building long lasting relationships with our customers, and always ensuring a safe and transparent work environment for all our employees.

# OUR VISION

We aim to constantly provide premium satisfaction across all aspects of our business, utilizing the highest quality of resources, innovation, and reliability. We are highly dedicated towards ensuring a safe and enjoyable working environment for all our employees.

# CERTIFICATIONS & AFFILIATIONS

The continuous growth of business is moving us forward to a more eco friendly and sustainable future. We have multiple compliance certificates as well as affiliations listed.

With global warming on the rise, MMA Textile is striving to create an environmentally sustainable organization, constantly striving to reduce our carbon footprint where we can. As such, we rely entirely on our Solar Power Generation Plant at our facilities in order to ensure 100% green energy is used to help better the planet.
